

Irish Concrete Society & The Concrete Society Northern Ireland Region

Joint visit to International Rugby Experience

20th & 21st September 2024 | Savoy Hotel, Limerick

Annual joint weekend of the Irish Concrete Society and the Concrete Society Northern Ireland Region

20th & 21st September 2024 | Savoy Hotel, Limerick

This year we will visit the International Rugby Experience building in Limerick. Winner of the 41st Annual Awards Building Category, this landmark project has been carefully designed to harmonise with the surrounding Georgian brick streetscape. The building exhibits a restrained palette of materials with high quality finishes and execution throughout.

An optional visit to Ardnacrusha Power Station is also arranged for Friday afternoon.

Our hotel for the weekend will be the 5-star Savoy Hotel. Here you can relax in the VB spa and swimming pool, or visit the many attractions available in the heart of Limerick City. A private dinner on Friday evening will be held in the Library Room.

*The hotel accommodation rate is €229 single / €249 double per night including breakfast. Further information is available from www.thesavoycollection.com/the-savoy/. There are a limited number of rooms available, allocated on a 'first come, first served' basis. **Please book rooms directly with the hotel quoting 'Concrete Society event'.***

*To facilitate planning of the various events, please confirm your attendance by **Monday 2nd September 2024**.*
