

Ground Bearing Concrete Slabs

Who should attend:

- Consulting Engineers
- Site Engineers
- Main Contractors
- Specialist Sub-Contractors
- Ready-mixed Concrete Producers
- Site Supervisory Personnel

12th December 2025

*A half day online technical seminar for all those involved in the design,
specification and construction of ground bearing concrete slabs*

Introduction

Ground bearing concrete slabs are used in many types of buildings ranging from housing to industrial installations such as warehouses, factories and data centres. For industrial use, ground-bearing concrete slabs are critical components requiring a multidisciplinary approach for their design and construction to achieve the appropriate flatness, levelness, durability and crack resistance to meet the building's intended use.

Our panel of experienced industry professionals will provide practical guidance and information covering the key aspects required to meet these complex challenges and ensure the successful delivery of ground bearing concrete slabs.

Who Should Attend

This seminar will be essential for those who are involved in the design, specification and construction of concrete floor slabs including industrial and commercial buildings. Those who should attend are consulting engineers, site engineers, main contractors, specialist sub-contractors and ready-mixed concrete producers. Clients and those who are involved with concrete floors will also find this seminar beneficial.

Programme

10:00	Welcome & Introduction <i>Irish Concrete Society</i>
10:15	Ground Conditions Consideration <i>Richard Flynn, Ayesa</i>
10:45	Design Approach <i>Kieran Ryan, Arup</i>
11:15	Break
11:25	Construction Methodology <i>Brian Curtis, Curtis Enterprises</i>
11:55	Questions and Answers
12:15	Ends

Date

Online 12th December 2025

Standard Fees

ICS/EI member: €150 / delegate

Non-member: €250 / delegate

€50 Early Bird Discount Applies until 2nd December

CPD

2 Hours

Booking Information

Minor adjustment to content and speaker line-up may occur.

Contact: events@concrete.ie or visit www.concrete.ie for more information.

Booking form: <https://www.engineersireland.ie/EventBooking/10803>

Booking email: cpdtraining@engineersireland.ie

Phone booking: +353 1 6651305 (Engineers Ireland)

Please state clearly the event name, the names of all delegates, their email address and company as well as a contact email and phone number for the booking.

Engineers Ireland Terms and Conditions: Confirmation is subject to event fee being finalised. Payment of course fee covers one participant's access only. For online courses, screen share is not permitted, and each delegate must join with their own device. Sharing login details or course materials is not permitted.

Cancellations made the day prior to an event will be charged 75% of the total estimated bill. No-shows will be charged the full fee. All cancellations must be confirmed in writing by email. Engineers Ireland will not be liable for any costs in the event of a course being re-scheduled.
